ANOTHER MURDER INDICTMENT

**Gas. Drane, Colored, Charged
With Killing Ed Ewell.**

**MANY CASES SET
FOR SPECIAL TERM.**

**Mandates of Appellate Court, Arrive,
Showing Another Defeat
for Worten.**

**GRAND JURY INDICTS SOME
AND DISMISSES OTHERS.**

Yesterday the grand jury brought in another batch of indictments and dismissals right after noon and Judge Reed then continued their time of sitting over until next Saturday in order to look into the many proceedings still pending before them.

James Drane, colored, was indicted on the charge of murdering Ed Ewell, colored, out about Thompson's mill the day before Christmas last December. The mill is two miles from the city on the Cairo road leading out through Rowlandtown. Drane and Ewell got into a difficulty in a grocery store at that place, when Drane picked up a bludgeon and knocked Ewell in the head with it. Ewell lingered several days and then died. Drane did not try to get away, but remained at home until the authorities locked him up. Judge Reed set this action for trial at the special term beginning June 25th for purpose of trying the H. H. Loving and other cases.

Anderson Vandress and Ed Raymond, colored, were indicted on the charge of false swearing and their cases set down for the special term in June, also. Vandress and Raymond went out in the Illinois Central yards and assaulted Mose Wilson, colored foreman, because the latter dismissed Raymond, who was employed by the road. At the police court trial both Vandress and Raymond swore they did not strike Wilson when it was proved by many witnesses that they did, so the two are now indicted on the charge of false swearing.

Charges Dismissed.

Ben Hart was dismissed of the charge of stealing \$80 from J. R. Swift who works for the street railway company. The grand jury returned the papers in the case, into court, marked "dismissed."

W. H. Futrell was dismissed by the grand jury on the charge of false swearing. He and Mattie Smallman were arrested on the charge of immorality and arranged before the police court where they were fined. Futrell swore that he did not have intercourse with the woman and was warranted then on the additional charge of swearing falsely. The matter was dismissed by the grand jury, to which he was held over.

Thad Williams, the small boy, was dismissed of the charge of mayhem. It was claimed that he cut part of the nose off Herman Grief, another lad, during a fight they had. The Grief boy did not even know the Williams chap and claims that while he was standing at their front gate, Williams came by and without a word, cut part of his nose off with a knife.

Kimber Ratcliffe, Clarence Holmes, Bennie Blakely and Sonnie Strickland, all colored lads, were dismissed of the charge of breaking into the private school of Miss Alice Compton of Kentucky avenue between Seventh and Ninth streets, and stealing a clock and school supplies, which were recovered. It was claimed the lads broke in through a rear window and took everything they could find, much of which was recovered.

Civil Proceedings.

An execution was awarded against defendant for the monthly allowance he is to pay his wife in the divorce suit of Putnam against Putnam.

Miss Ora Radford was appointed an examiner, by the court, she to maintain her office at the Taylor and Lucas Law office in the Fraternity building.

Lawyer Crice and Ross were allowed \$125 in the ex parte suit of Willie B. Weeks.

Sheriff John Ogilvie was allowed \$30 for conducting the public sale in

the suit of the C. L. Greeno company against W. D. Cline.

The petition of plaintiff was taken for confessed in the suit of Sanders against Grief.

There was filed the bill of evidence and exceptions of the defendant who takes an appeal in the suit of the F. T. Polk company, against the Paducah Packing company, wherein plaintiff got judgment for about \$750 against the packing company because the latter would not deliver to plaintiff some canned goods contracted for at a certain price.

There was dismissed as against the Paducah Brewing company, F. J. Bergdoll and Covington Brothers in the suit of Wright and Taylor against Henry A. Douglas, the former retail grocer of Third between Tennessee and Norton streets.

The appellate court mandates were filed in the suit of W. W. Bartlett vs. C. J. of Paducah, and John Murray vs. City of Paducah. The litigation was then stricken from the docket, and forever dismissed. These are some more of Markie Worten's suits where he loses. Bartlett and Murray were locked up by police and worked upon the streets. They got Worten to bring suit against the city for \$10,000 damages each, but like all the balance of the actions, they lose, as does Worten. They lost in the local circuit court. Worten had the nerve to take the litigation to the court of appeals where he again met defeat.

Woman Fined.

Laura Washington, colored, was fined \$50 and costs for striking another.

LINCOLN'S ASSASSINATION

**THE MOMENTOUS OCCU-
RENCE HAPPENED 41 YEARS
AGO YESTERDAY.**

**Captain William Patterson and 2,000
Other Southerners Had Been
Captured by Federals.**

The older people of this city, in addition to those younger ones familiar with history, remember well that forty-one years ago last night there occurred a tragedy which shocked the world. This was the assassination of President Abraham Lincoln in Ford's opera-house at Washington, D. C., where the national executive had gone to witness a theatrical performance. The fatal bullet was fired by the actor John Wilkes Booth, who sent it speeding into the president while the latter sat in his private box accompanied by several friends.

The occurrence made an indelible impression upon the minds of people who have survived, and last evening while speaking regarding it Captain William H. Patterson, the retired capitalist and former city clerk, said that he and about 2,000 others of his southern command had been captured by the Federal army at Selma, Ala.

The captors had started walking overland for Columbus, Ga., with the Confederate soldiers, and stopped overnight at Montgomery, Ala. While there Captain Patterson and the others received word that the martyred president had been assassinated, and although Mr. Lincoln's views were opposite to the southerners, still the keenest regret and profound sadness prevailed amongst the rebels.

CITY'S SANITATION.
Public Inspectors Are Now Visiting
Premises Over the City.

The city sanitary officers have started to work for the summer months, and already have served notice upon many property owners around town to clean up their rear premises and put them in first class condition. Thus far they have not encountered any parties who give them trouble by refusing to do the needed work, and prospects are for a smooth season by the inspectors who ordinarily have many hard things to contend with.

They will this year abide by the ironclad rule, which is to give notice only once to people to clean up their premises by a certain date. If this is not done by the specified time, warrants will be gotten out and the guilty parties prosecuted.

LARGE EASTER CROWD OUT

**BUSINESS HOUSES DID RUSH-
ING BUSINESS YES-
TERDAY.**

**If Today Is As Chilly As Yester-
day, It Is Best to Watch For
Bad-Humored Women.**

Business was fine yesterday and last night down in the retail district as all the establishments were kept rushed until a late hour, filling the annual Easter orders that are always the heaviest of the season. The merchants all report themselves as very well pleased with the good patronage, which is the beginning of the spring trade.

Despite that yesterday afternoon and evening was quite chilly, thousands were down in the city, congesting the thoroughfares, en route to their shopping places, to do their buying. It greatly resembled one of the large Saturday night crowds of summer time.

If today is a chilly, bleak, cloudy day, there will be two kinds of women, in this world, that one who bought her handsome Easter frock has bought her handsome Easter frock cause she won't be able to go to church and show it off to every person. The other kind of woman for today is that one who is tickled to death because Easter Sunday is not pretty and pleasant. Her happiness is caused from the fact that she had neither the "wherewith" or inclination to buy this soon a nice and bonnet and is fighting mad because she is tickled because the weather will not let appear in public, bedecked in her best, the next door neighbor who has purchased all her finery, and anxiously looks forward to Easter.

BROTHERS-IN-LAW HAD A FIGHT

**JONES CLAIMS PARKER WAS
ABUSING LATTER'S
MOTHER.**

**Henry Kettler Charged With Using
Profane Language Towards
Vardman—Fish Dealer
Released.**

Will Parker and Tom Jones, colored, were arrested early this morning by Officers Murley and Singery on the charge of engaging in a fight at their home near Eleventh and Caldwell street. Jones claims that Parker was abusing his, Parker's mother, when Jones took it unto himself to give Parker a thrashing. The men are brothers-in-law. Jones gave bond for his appearance tomorrow morning in the police court, while Parker was locked up.

Profane Language.
Henry Kettler was arrested last night by Officers Hessian and Dugan on the charge of using profane language toward O. E. Vardman. Kettler works at Fred Kreutzer's bakery on Kentucky avenue near Second St., and it was at this place the language was used. Kettler gave bond for his appearance in court tomorrow.

Had No License.
Ben Hughes, colored, fisherman at the city market, was arrested for selling without a license, but on putting up the \$3 necessary, was released.

DRIVING CLUB.
Stockholders Expect to Elect
Officers Tomorrow Afternoon

The Paducah Driving club expects to hold its meeting tomorrow afternoon at the Commercial club rooms on South Fourth street for purpose of electing the officers and directors. The stockholders have been waiting for the absent ones to be present before this business is transacted, and now it is thought all will be in the city by that time.

UNCLE SAM'S TRIBUNAL

**JUDGE WALTER EVANS AND
OTHER COURT OFFICIALS
COMING TODAY.**

**The Court Will Be Convened To-
morrow Morning At Postoffice
Building For Several Days.**

This evening Judge Walter Evans will arrive from Louisville, accompanied by United States Marshal George Long of Litchfield, and other federal court officials, for purpose of opening that tribunal tomorrow morning at the postoffice on Fifth and Broadway, for the regular spring term. It generally takes about three days to finish with the business coming up before this court, as the judge transacts matters very expeditiously and tolerates nothing tending to delay dispatch of business. The most important local case is that charging Curtis Ingram and Henry Davis with manufacturing counterfeit money. They are the two whose cases go before the grand jury that will be empaneled the first thing tomorrow morning. It is claimed that they turned out bad dollars and succeeded in passing several, one on a street car conductor, one upon the spring bonnet and Easter frock, Broadway near Third street. The third one they tried to pass, was on another conductor who detected the spuriousness of the coin, and reported the matter to the police authorities who did the balance. Both the young men are now in the county jail, Davis under \$1,500 bond, while Ingram's bond is \$1,000. The moulds, lead and other things confiscated by the authorities are on hand and will be offered as evidence in the proceedings against the two.

The young men are charged with making the bad dollars in a room back of Joe Petter's jewelry store on South Third street between Broadway and Kentucky avenue.

KENTUCKY NEWS ITEMS.

Lid Rivited On.
The town of Clinton evidently has a new reform council too. It is a misdemeanor there for a clerk to sell or give away anything, or even for a proprietor to enter his place of business on Sunday. The people of Clinton are evidently sprouting wings.—Ballard Yeoman.

Lee Tyree Hurt.
Lee Tyree has returned from Paducah with a badly bruised face which was caused in a runaway in Paducah Thursday afternoon. He and a party of friends were out riding in a two seated rig when the outfit was turned over. Mr. Tyree was the most serious injured, the entire party falling on top of him on the gravel street.—Mayfield Messenger.

Of Course He Ran.
The Louisville Times says: A black-and-tan hound belonging to Christian Schlitt, a barber at 1045 West Market street, caused much excitement by racing up and down streets and alleys in the neighborhood of Eleventh and Market streets. It was thought that the animal was rabid, but after being killed was found to have been suffering from an application of turpentine. Men armed with clubs and revolvers chased the dog, and many shots were fired at it. When cornered in the corridors on the second floor of the building at 1047 West Market street a bullet through the brain finally ended its misery.

The Kentucky Humane Society is investigating the case, and if the identity of the person who tortured the canine is learned he will be prosecuted.

Booming Their Town.
The people of Princeton are booming their town by lowering the rents and building more houses. The plan is said to be working successfully, as people are moving to Caldwell county's capital. Wonder

why our people can not do something like this, especially build more houses, and they might lower the rates just a little bit.—Murray News.

Public Building For Owensboro.
It appears from the Owensboro Union advances that Owensboro is sure of an appropriation of two hundred thousand dollars for supplying a brand new and commodious government building. This, if true, settles the matter for good, and Henderson, so far as the matter is concerned, is done for. Her people let the golden egg slip through their fingers and her people alone are to be blamed for it.—Henderson Journal.

PURDOM CASE POSTPONED
On Account of Loss of Dying State-
men of Buford Jones.

Murray, Ky., April 13.—The Hammett Purdom manslaughter case was called in the circuit court this morning, and, on motion of the commonwealth, was postponed till the August term.

The dying declaration of Buford Jones, who was stabbed by Purdom, was destroyed by the courthouse fire. This makes it necessary for the prosecution to prove that such a paper existed. About 50 witnesses were recognized to appear. Purdom and Jones had difficulty last May at Dexter, in which Purdom cut Jones. Jones lived for several weeks after he was wounded.

NO HOPE FOR COAL PEACE

**Anthracite Miners Believe Strike
Near, but Mitchell Is Hopeful.**

Philadelphia, Pa., April 14.—Little hope for industrial peace in the anthracite region was expressed today among the men most interested in the coal situation. One and all seemed convinced that nothing short of an unexpected intervention of some sort can now prevent a coal strike or rather can prevent the declaration on the part of the coming miners' convention that a strike exists.

Word Received by Wire.

It is regarded as settled, according to the general belief in the region, that the mine operators have gone as far as they will go. Following was the word which came over the telephone to Scranton from New York today from an important official in one of the largest coal companies to the local office there: "There will be no more concessions. There will not be one jot conceded by the operators. That is definite; that is settled. There will be no more counter propositions, just a simple refusal to consider the miners' latest proposition."

**GORKY WATCHED BY
RUSSIAN SPY.**

**Trusted Agent of Secret Police Fol-
lows Him Across Atlantic.**

New York, April 14.—The Times says: A trusted agent of the Russian secret police in this city, friends of Maxim Gorky have learned, for the purpose of organizing an effective system of espionage on Gorky and his two fellow-revolutionists who are here to raise funds in the cause of Russian revolutionists. The Emperor's spy crossed the Atlantic on the Kaiser Wilhelm Der Grosse that brought Gorky to this country last Tuesday. He has managed to keep his place of residence in this city a secret thus far.

LAYING THE CORNER STONE

**A Distinguished Crowd Present
Ceremonies Conducted by
Masonic Order.**

Washington, April 14.—In the presence of a distinguished assemblage, with the president of the United States taking a prominent part; with the supreme court and the senate, the house of representatives and the diplomatic corps as spectators, and before a large concourse of people, the cornerstone of the office building for the house of representatives was laid with impressive ceremonies this afternoon. The address of the day, was made by President Roosevelt, who spoke on "The Muck Rake Brigade."

Walter A. Brown grand master of masons of the district of Columbia conducted the ceremonies. A box of rare relics and coins was sealed and placed in the stone.

WHY VESUVIUS IS NOW ACTIVE

**NOTHING IN SUN SPOT
THEORY, SAYS SCIENTIST.**

**Due to An Influx of Water From
the Ocean Into the Bosom of
the Earth.**

Pittsburg, Pa., April 13.—Prof. John A. Brashear, astronomer and scientist, when shown a cablegram from London, an authority on seismic disturbances, had credited the eruption of Mount Vesuvius to the activity of a great sun spot, objected most strenuously, saying Prof. Belar had either been misquoted or did not know.

Prof. Brashear said: "It is accepted by the scientific world that both volcanic and earthquake disturbances are due to an influx of water from the ocean into the bosom of the earth. It is like pouring cold water into a heated boiler—an explosion follows."

"Scientific men long since discarded the sun spot theory. If it were true, how did it happen that last October when the period of solar disturbances was at its height, Vesuvius was quiescent? I think this in itself ought to dispose of such a theory as that said to have been advanced by Prof. Belar. It has become a customary thing for the uninformed to join the two whenever there is an earthquake shock or a volcano gets active. But there is nothing to it."

OUT ON CRUTCHES

**MR. FABIAN GREENWELL OF
THE POSTOFFICE OUT
AFTER ILLNESS.**

**Foot of Mrs. Thomas A. Baker Am-
putated at Riverside Hospital
Yesterday—Other Ailing.**

Mr. Fabian T. Greenwell of the postoffice clerical force, is able to be out on crutches, after a five week's confinement with fever at his home on North Sixth street. It seems the attack of illness settled down about his hip and this prevents him from walking, except with assistance of crutches.

Foot Amputated.

Yesterday at Riverside hospital, physicians removed the left foot of Mrs. Thomas A. Baker, wife of the well known cashier of the First National bank, and she was resting well this morning early. Necrosis had set in and decayed some of the bone, necessitating the amputation, which her many friends regret to learn of.

Occupants Knocked Out.

Yesterday at noon Mr. Sam Spenser of near Woodville, and Mr. Harry Jewell of near Keokuk, were driving past Tenth and Trimble streets when street car no 59, in charge of Motor-man Rouleau, crashed into their buggy, smashing the vehicle and throwing out the occupants. Jewell's right wrist was broken and his side injured, while the side of Spenser was painfully bruised. They claim the motor-man gave them no warning of the approaching car, while Rouleau contends they drove up on the track before he could stop.

Has Appendicitis.

Mr. Herman Snow of Fulton was yesterday brought here for operation for appendicitis at the railroad hospital. He is chief clerk to Roadmaster T. E. Hill of the Tennessee division, with headquarters at Fulton.

The past week several Easter bazaars were given, and each received the patronage due it. Yesterday the First Christian church ladies gave their affair at 302 Broadway and disposed of many useful and ornamental

Yesterday and the day before the Children of the Confederacy had their sale, it being at Alderman W. T. Miller's music store in 520 Broadway. The entertainment will be for benefit of the unfortunate people residing around Naples, Italy, which is only ten miles from Mt. Vesuvius, that has been belching forth lava enough to kill off 2,000 people and render 50,000 homeless.

The pictures comprised specimens of work done by the most celebrated artists and painters of the present day and past ages, and they were dreams of artistic elegance to be gazed upon by those interested in art. Hundreds viewed the collection while here and pronounced it the greatest they had ever seen.

The gallery left here Wednesday and displayed at numerous cities while en route back to Chicago. There is a grand gala holiday treat in store for the residents of McCracken county Friday April 27 when Cole Brothers United Shows will give an afternoon and evening performance in Paducah. All work and dull care will be forgotten by old and young alike while this enormous tented amusement enterprise is in the city. The magnitude of these famous shows is almost beyond description this year. In planning for the current season the Cole Brothers made certain that their shows would be second to none in all the world. At the very outset they combined their numerous exhibitions, retaining only the most salient features of each, discarding threadbare and securing only the newest features to be had. Every corner of the earth was searched for the rarest of animals birds and reptiles for the triple menageries experienced trainers were kept employed all through the past winter breaking stock and educating different denizens of forest and jungle; contracts were negotiated with the most daring of aerialists, acrobats, tumblers, equestrians and other performers to be found both here and abroad—all this and much more having been accomplished by Cole Brothers, they are now enjoying the fruits of their endeavor. Wherever they exhibit they are accorded royal welcome and liberal patronage. Two full hours are consumed in the presentation of the imperial big show programme and every minute of the time there is something doing in the rings, upon the elevated stages, in the air or upon the vast hippodrome track. The festivities of the day will be inaugurated by the magnificent free street display, which will leave the grounds promptly at 10 o'clock in the morning of the above named day and date for a tour of the main thoroughfares. With the parade's return to the lot and again at 6:30 p. m. a series of out-door exhibitions will be given absolutely free. The big performance will begin at 2 and 8 p. m. and as the main doors will be open an hour earlier ample time will be afforded patrons to enjoy a tour of the menageries, visit the gallery and to also hear the promenade musical festival by Prof. Timney's famous band.

Messrs. J. C. Monteith and J. E. Bergin of the independent telephone syndicate, are in the city visiting their local plant which is managed by Mr. Love.

UNION DEPOT CO.

ANNUAL ELECTION OF
OFFICERS HELD YESTER-
DAY BY COMPANY.

The Concern Has Always Been
Maintained As a Separate Cor-
poration by the I. C.

Yesterday morning at the office of General Agent John T. Donovan of the Illinois Central railroad at 510 Broadway, there was held the annual meeting by the Paducah Union Depot company directors and officials. During the gathering the officers to serve for the ensuing year, were named, they being J. C. Welling, president; J. T. Harahan, vice president; J. F. Titus, treasurer and W. G. Bruen, secretary. The directors chosen were J. T. Harahan and J. C. Welling of Chicago, J. J. Gaven of Fulton, Ky., and George C. Thompson, W. F. Paxton and Charles Reed of this city.

The Paducah Union depot company owns the Sixth and Campbell street building that is now used as the general freight house for the Illinois Central railroad. Years ago the St. Louis, Alton and Terre Haute railroad built into this city from St. Louis by way of Brookport, and their trains came into the Union depot, which was then at Sixth and Campbell street, while the I. C. trains came down to the depot also. The I. C. afterwards bought the St. Louis line coming into here by way of Brookport, and also acquired possession of the Union depot. Now The Paducah Union depot company has always been maintained as a separate corporation, despite the fact it is owned by the Illinois Central railroad.

Mr. J. K. Lander of Chicago, arrived here yesterday morning, as acting secretary for the company, and attended the meeting, which was participated in by Messrs Reed, Paxton and Thompson of Paducah and Mr. Graven of Fulton. None others were present. Heretofore only two Paducahians have been on the directorate, while at this meeting Mr. Thompson was added.

OF PADUCAH IN THE
SHAPE OF A BIG RIVER
EXCURSION.

Lodge No. 217 B. P. O. E. Arranges
for a Visit of the Famous Excur-
sion Steamer Island Queen.

The Island Queen is coming. What a thrill of delight the announcement will send to every heart. For several years the Island Queen has been making a visit here and carrying the citizens of Paducah and their families for a delightful excursion. Who that has ever been on the Queen does not remember their experience with the greatest pleasure and does not want to repeat that experience. The Island Queen is most certainly a magnificent boat. She was built and is owned by the Coney Island company and runs for the express purpose of carrying people to Coney Island, their beautiful river resort ten miles above Cincinnati. However, it has been the custom of this company to send this boat south every spring, before the opening of the season at Coney Island for the purpose of conducting excursions between Cincinnati and Memphis. The boat will be here April 19th and it will run an excursion out of Paducah in the evening under the auspices of the Paducah lodge of Elks, No. 217. She will leave the wharf at Paducah at 3:00 p. m. and 8:00 p. m., returning at 11:30 p. m. This great boat is 300 feet long and about 100 feet wide; has five spacious promenade decks, three observation cabins, an elegant cafe where popular prices prevail, a spacious ball room, in short, fitted out with every attention to the convenience and comfort of patrons. Music and dancing will be free on the boat and everything possible will be done to contribute to the pleasure of those who go. The price of the tickets will be fifty cents for adults and twenty-five cents for children.

Odd Fellows Interstate.

Already many people living down close to the center of the city, have notified Mr. Peter Beckenbach that they will place benches and chairs in their yards, along with buckets of refreshing ice water, for benefit of the hundreds who will be here April 26th to attend the annual meeting of Odd Fellows Interstate association that comprises lodges within a radius of 200 miles of this city. More are preparing to do this, and help as much as possible care for the visitors, who in walking around all day in a strange town will want some place to rest, and get ice water. All those who can throw open their lawns or porches for benefit of the brethren, will confer a favor by notifying Mr. Beckenbach, so there will be known how many placards to strike off, these posters to be hung on the fence of all accommodating homes, notifying the visitors that they are welcome to come in the yard, partake of the water, rest in the chairs and enjoy themselves.

Knights Templar.

A delegation of about twenty Knights Templar of this city will go down to Paris, Tenn., to attend the Easter Templar services that are to be held at the Methodist church there.

Eagles' Minstrel.

The lodge of Eagles of this city, is preparing to repeat its fine minstrels at The Kentucky, having selected the evening of April 25th as the time for the second performance. The initial presentation was made several weeks ago, but that night the great fleet storm came and prevented all but about two hundred from attending, therefore in acquiescing in the strong demands for a second presentation, the lodge members have arranged to repeat the performance the date mentioned.

ITCHING PAINFUL SORES ON HANDS

Suffered for a Long Time Without
Relief—Had Three Doctors and
Derived No Benefit—One Doctor
Was Afraid to Touch Them—
Soreness Disappeared and Hands
Now Smooth After Application of

CUTICURA SOAP AND CUTICURA OINTMENT

"For a long time I suffered with sores on the hands which were itching, painful, and disagreeable. I had three doctors and derived no benefit from any of them. One doctor said he was afraid to touch my hands, so you must know how bad they were; another said I never could be cured; and the third said the sores were caused by the dipping of my hands in water in the dye-house where I work. I saw in the papers about the wonderful cures of the Cuticura Remedies and procured some of the Cuticura Soap and Cuticura Ointment. In three days after the application of the Cuticura Ointment my hands began to peel and were better. The soreness disappeared, and they are now smooth and clean, and I am still working in the dye-house."
"I strongly recommend Cuticura Soap and Cuticura Ointment to any one with sore hands, and I hope that this letter will be the means of helping other sufferers. Very truly yours, Mrs. A. E. Maurer, 2340 State St., Chicago, Ill., July 1, 1905."

W. C. T. U.

(Communicated)

The Paducah W. C. T. U. devoted last Thursday afternoon to the department of "Sabbath Observance," with Mrs. Lowella Magnor as superintendent.

The first paper read written by Katie Wert Holler, of South Bend, Ind., state and assistant national W. C. T. U. superintendent of sabbath observance. The writer quotes Judge Fields as saying, "There are few points on which so many statesmen, scientists and philosophers agree as on the necessity or resting one day in every seven."

She also quotes from Dr. Haegler, the world's greatest specialist on the relation of sabbath observance to hygiene, who has shown the need of resting one day in seven from a physiological standpoint, by a system of scientific tests that leaves no longer any room for doubts in the matter.

The article concludes: "Not only did God in the creation design the Sabbath as a day of rest for renewing the waste-tissues of the body, but he also proclaimed it a day for worship, a day for spiritual development, a day for remembering God's blessings; a holy Sabbath day in all its meaning, and observance teaches there is no better barometer of public morals than the Sabbath day, for upon its observance or desecration we trace the progress or decline of a nation. Remember, therefore, the Sabbath day to keep it holy."

Three papers were read the last being a call to observe April 22 to 29 as Lord's Day Week, "devoting as much of it as practicable at home and in the regular church services, to thanksgiving, prayer, study and service with reference to Sabbath defense." This call is signed by eleven distinguished workers in the field of Sabbath Observance, two of them being Rev. W. F. Crafts, Ph. D., superintendent National Bureau of Reform and Mrs. Varilla F. Fox, superintendent Sabbath Observance department of the National Woman's Christian Temperance union.

The next meeting of the local W. C. T. U. will be held on Thursday afternoon, April 19, under the department of rescue and prison work, Mrs. Ida B. Chiles, superintendent.

The Real Issues.

The newspaper or public officer who endeavors to please or satisfy the entire people, never accomplishes anything of consequence. There are two sides to every question, the right side and the wrong side. On one or the other side every man stands, that is if he is really a man. Now, how can both sides be pleased? If what may be termed the right side is taken, the element on the wrong side will be displeased, and vice versa. If a neutral position is taken, it is very apt to invite the contempt of both sides. So there you are. One must either be a man or a mouse. When a traveler reaches the cross roads, one will take him to his destination and the other away from it. If he takes the wrong road, he may, in time, discover his mistake and retrace his steps, and at last arrive at the right place. If on the other hand when he reaches the cross road, he halts and goes no further for fear he may go wrong, he will never get to his destination.

To our mind a newspaper or a public officer should aim to serve the public without fear or favor. In order to do this the right side must be chosen. As to which is the right side, has been established by experience, and enacted into laws, rules and regulations, by society at large, by political parties, or associations of men. These laws, rules and regulations are, but the lines defining the rights of the masses as well as that of the individual. For any of those laws to survive, they must be founded on truth, honesty and decency. To establish, maintain and preserve those laws is the duty of all honest men. Those who would assail or break them down are not good citizens, we care not what may be his creed, his politics or his social standing. The man who thinks or openly advocates that he or his associates, whether in business or in politics, should not be restrained by any law, is but drifting out towards the sea of anarchy. If this man, or any set of men should not be subject to the law, then why should any other man be subject to any law which he may deem distasteful? This brings us face to face with one of two propositions, either law and peace, or anarchy and disorder.

The insurance official, the trust baron, the railroad magnate, or aristocrat franchise grabber, would away with the law that prevents him from preying upon the public. So on down the line through grafters and bootleggers, through the classes favored or "protected" by the authorities, until we strike the common thief. On whom shall the line be drawn?

These things being true, the real battle of life hinges on the fight between good and evil. While every man desires to have the good opinion of his fellowman, yet if he fails to obtain it because of his position being on the side with the forces of good, he may content himself with the thought that self respect is of far more value than the favor of one who is allied with the forces of evil. These thoughts are suggested and expressed for the benefit of each reader, and after a moment's consideration, each may decide for himself what he considers to be every man's real duty.

The Responsibility for the Delay.

About two months ago hundreds of citizens of Paducah, petitioned the general council to enlarge the city's electric lighting plant. Several weeks ago the aldermen referred the matter to the light committee and board of

public works with instructions to procure estimates of the cost to enlarge the plant; two weeks later the board of councilmen referred the matter to its light committee only. Up to this time no steps whatever have been taken to carry out the instructions of the general council. On the board of public works are two members who for over two years past have had control and supervision of the light plant, and who, with the superintendent, are better qualified to advise what is needed to enlarge and equip the plant, than anyone else in the city, yet those gentlemen have never been consulted or requested to give their views upon the subject.

In addition to the facts just set forth, it is also a fact that the Paducah Traction Company made the city a proposition whereby the city was to close down its plant and contract with that company for ten years for street lights. This proposition was favored by certain members of the general council, but it caused such an uproar from the people that the idea was hastily abandoned, and another proposition framed up to take seventy-five street lights from the company, the city to furnish the remainder. This was strongly advocated by certain members of the general council, but it resulted in a strong protest from the people, and then followed the action referred to above.

When the traction company proposition was up, those members favoring it used the argument that the people in the outlying district were clamoring for street lights and in order to meet the demands, the contract should be made with the company at once. At that time those members were in a great hurry to accommodate the people, and as some of the most vigorous advocates of contracting with the company are on the light committee and now seem in no hurry to furnish more lights, the public is very apt to wonder whether the former eagerness of those members was really on account of the public interest or on account of the traction company's interest.

Already there is a growing suspicion in the minds of the people that certain members of the light committee are disposed to trifle with the matter, and if possible to defeat the enlargement of the light plant. The light committee of the general council is composed of Aldermen Palmer, Hubbard and Bell, and Councilmen Williamson, Barnett and Katterjohn. By virtue of being chairman of the committee of aldermen, Mr. Palmer is chairman of the joint committee, and the duty of calling the committee together usually devolves upon the chairman.

If the matter had been taken up in January, all contracts could have been let before now and the work so well under way that the additional lights would be up and in use not later than June 1. As the matter stands nothing has been done, and the people should understand that the responsibility for the delay rests with the light committee of the general council.

Money Squandered on County Roads.

The Courier-Journal yesterday fired a broadside into the late methods of the fiscal court of Jefferson county in the matter of building and maintaining the county roads. Almost five columns of the paper is devoted to statistics taken from the records covering the expenditures for the past five years. The charge is made that the records are kept in a slipshod manner, the money being paid out on orders from magistrates and supervisors for "road work." A two column editorial is also devoted to the same subject and out of the money expended the Courier-Journal alleges that \$500,000 was virtually thrown away, and mentions specific instances of transactions that will not stand the light of investigation. According to the Courier-Journal, the discrepancies between the allowances of the tax-payers money and the amount the contractors received was known as "perquisites" but now it is "graft."

The articles in question are severe indictments of the methods that have prevailed in that county, and no doubt similar methods are in vogue in some of the other counties. The tax-payers are too indifferent in requiring a full and complete accounting of the county funds. Although Louisville pays about nine-tenths of the county taxes, so little attention was paid to the county affairs by the people or the newspapers, that hundreds of thousands of dollars of the tax-payers' money was virtually thrown

away on the one item of county roads.

This condition in Jefferson county but serves as a warning to the tax-payers all over Kentucky that it is to their interest to require all officers to make public the disposition of funds coming into their hands. When no publicity is given to the expenditures it is a great temptation to those interested, to form a "mutual aid society" for the purpose of dishing out the contracts, the real question not being how to spend the money, but with whom to spend it. In every county in the state where full reports are not regularly published, an expert should be employed to carefully go over the books and make up a statement for publication. If everything is found to be alright, the public should know it, and the people will be satisfied, if such a thing as graft exists the people should know it and steps taken to protect the interests of the tax-payers.

A Lesson to Grafters.

The trial of Greene and Gaynor, contractors, at Savannah, Ga., for defrauding the United States was one of the most celebrated in this country. For thirteen and one-half weeks the jury listened to the evidence and arguments, at the conclusion of which the presiding judge consumed eight hours in reading his instructions to the jury. The defendants were found guilty. The judge in passing sentence on them read a lesson to grafters, and if there be any of that gentry in this vicinity, they would do well to heed the lesson.

Judge Speer said in part: "For your personal suffering, merited as it is, you have my earnest sympathy. To some, no doubt, who are imbued with the belief that all they can get from the government is honest graft your conviction may excite indignation, astonishment and perhaps not a little alarm."

"It seems, indeed, that the public should awaken to the prevalence of this dangerous inclination. The magnificent contributions from the national treasury made by congress for the welfare of the people all imperatively call for a lesson in thunder to faithless, conniving, unprincipled representatives of the government and the unscrupulous contractors or other persons who would conspire to plunder the public treasury."

It has been alleged in certain quarters that some of the druggists of the city make a practice of selling whisky by the drink, and also to sell it on Sundays. If this be true, it is more reprehensible than where a saloon keeper violates the law. If a man wishes to engage in the business of selling whisky by the drink he should procure a saloon license and go in the business legitimately.

No druggist can afford to sell whisky by the drink, and especially on Sundays. If one should be apprehended for doing so it would be very apt to damage his business far more than the profits that accrue from such sales, to say nothing of the effect upon his reputation. The good citizens of Paducah are for the strict observance of the Sunday closing law and are pleased with the seeming disposition on the part of the authorities and saloon keepers to see that it is observed, hence for any other class of dealers to undertake to profit by the conditions, is sure to meet with public censure.

Vesuvius.

All Christendom is appalled over the awful news from Sunny Italy's loveliest port. The latest record of devastation is, 10 towns wiped out, 5,000 homes destroyed—3,000 inhabitants killed—a quarter of a million people facing famine.

What produced this horror? One hardly has time to pause and reason but while we have the effect flashed to us under the seas a simple study will point to the cause. Vesuvius is an escape pipe for gases generated in the bowels of the earth. The everlasting fire beneath the crust we live upon, produces these gases. When Vesuvius is "normal" the gases ascend unseen and all is peace and happiness about the mountain's slopes. But here comes unrest—A shiver—A quake on earthquake! And then a great crevasse is opened from the central fire to the sea. The waters rush in steam and gases are formed; then comes explosion, eruptions, destruction. The scientist on the side of the volcano can determine nothing. The trembling of the

The Lord Excluded.

The story was told about a certain church that was very exclusive, having well-to-do and aristocratic members. A poor man applied for membership and they didn't want him. They hardly liked to turn him down, so requested him to take it to the Lord in prayer, and come again. In two months he showed up. They asked him if he had taken it to the Lord in prayer, and he said he had. They questioned him as to what reply if any, he had received, and he replied as follows: "The Lord told me not to get discouraged. He had been trying to get into your church for seven years but had not succeeded."—Ex.

COUNTY CENSUS.

More Districts Continue Making Returns to Superintendent.

Superintendent Samuel J. Billington of the county public schools, yesterday received a report from another district in the rural section, it being No. 30, and showed that the school census numbered fifty-four, which is a decrease of ten as compared with last year when the enumeration showed sixty-four. Mr. Billington is gradually hearing from all of the county districts, all of which will be in by the last of this month as the law compels completion of the census during April.

FINED FOR BEATING BOARD

NEAL LONG ASSESSED \$10 IN POLICE COURT YESTERDAY.

Jesse Donovan and Will Jackson Held Over to the Grand Jury on Charge of Robbery.

Yesterday morning in the police court Neal Long, a painter, was fined \$10 for getting board from Myrtle Atkinson under false pretenses. She says he came to her and claiming he had money due him from Metropolis, and also that he had a job here in Paducah, got board, but these contentions were false.

Charles Vernon was fined \$5 and costs for getting disorderly and drunk the night before at the New Richmond hotel where he was stopping. He knocked a window glass out with his cane, and had to be smacked in the mouth by Colonel Bud Dale, the proprietor.

There was dismissed the breach of the peace charge against Kittie Thomas, colored, who was charged with having trouble with her next door neighbor named O'Neil, on South Tenth street.

George Bolton and Minnie Davis, colored, were given continuance until tomorrow of the disorderly conduct charges against them.

Will Jackson and Jesse Donovan were held to the grand jury on the charge of robbing a boy named Timmons of \$3, which they had given him to bring them across the river to this city from Brookport, Ill. He claims they paid him this sum to bring them over, and that after they got here, they held him up and took the coin away.

Matthew Scott was given a continuance until tomorrow of the warrant charging him with robbing Alonzo Pollard, colored, of the watch that Scott during a crap game pawned to Pollard.

R. E. Draftin did not appear in court, and his bond was declared forfeited. His case was then continued until tomorrow. He is charged with stealing some brasses from the I. C. railroad and selling them to John Minor for \$3.20.

Charles Shelby was dismissed of the case accusing him of stealing a pair of overalls from B. E. Griffith at the I. C. shops.

NEW WIRING

TROLLEY AND SPAN-WIRES WILL BE PUT UP ON THIRD RIGHT SOON.

Mr. Blecker Will Have Strung the Several Carloads of Wiring Received by His Company.

General Manager John Blecker of the street railway company promises improvements to the South Third street division of their system, as regards the overhead wires. His men are now engaged on other parts of the system, but as soon as they can reach Third a brand new copper wire will be placed overhead.

The old wire now up is in a very poor condition, having about stood all wear and tear possible. It breaks in different places every few days, and thereby endangers people passing by coming in contact with the dangling end charged with electricity.

On Kentucky avenue from Third to Fourth street, and along Fourth for quite a distance, new copper wiring has been put up, to displace both the old trolley and span-wires that have worn out. Mr. Blecker has received several carloads of the new wiring, and just as fast as

possible the electricians will string it everywhere over the city.

One thing holding back the work of putting up the new wires, is the fact that Mr. Blecker wants to first learn how many of the city light poles he is to be permitted to use. He has been hanging his wires on many of the public poles, but it is discovered that some of the latter being utilized by him are unauthorized, therefore this point will be settled, before all the new trolley and span-wires go up, as he does not want to go ahead and put up wiring on city poles and then have to remove same.

FARMER'S INSTITUTE

QUITE LARGE CROWD OF THEM AT COURTHOUSE YESTERDAY.

They Each Reported What They Had Decided to Do Regarding Raising Different Vegetables.

Yesterday afternoon at 2 o'clock the members of the McCracken County Farmer's Institute held their meeting in the county courtroom at the courthouse, and quite a large delegation of the tillers of the soil were on hand.

During the session the farmers each reported what they had decided to do, regarding planting on their plantations certain amounts of this and that vegetable in order to increase the production and help make this city and county a great market for everything raised in the rural districts. The farmers all seemed to be greatly interested and each are pledging their hearty support towards the end desired, and it is believed that something beneficial can be attained.

Mr. Ed K. Bonds, the prominent commission dealer, is in position to know what the buyers demand, and he is devoting nearly all of his time giving the farmers whatever information they need, showing them what is needed to draw attention of the outside buyers to this market.

The farmers are now planting out their crops and arrangements are being made by every one to bend their efforts and see what can be accomplished.

HANDSOME FRONTS.

Contractor John Agnew Now Preparing to Put Them In.

Contractor John Agnew yesterday morning closed a contract for a handsome plate glass and prism front to the store of Mr. Charles Michael of South Second street. Mr. Michael has bought the place from Mr. Joseph Gardner and will put in a front costing something like \$1,500.

Mr. Agnew has also closed a contract to put a similar front in the building at 112 South Second street. When this latter place is remodeled, it will be occupied by The Model Clothing store, of which Mr. Louis L. Levy is proprietor.

INSTITUTE DOWN TOWN

CEREMONIES WILL BE CONDUCTED AT FRATERNITY BUILDING.

Grand Master Clements of the State Will Be Here Next Wednesday to Supervise the Work.

The new Odd Fellows lodge of this city will be instituted next Wednesday evening at the Fraternity building on Broadway between Fifth and Sixth streets, at which time Grand Master Clements of the Kentucky lodge will be here and supervise the installation. The ceremonies are conducted at the building in order to have a central location for this purpose.

After the new lodge is inaugurated it will select a hall some place in Mechanicsburg or Jersey, in which to hold its sessions, as the object in getting together the subordinate body is to accommodate the members of the extreme Southern portion of the city, who now have to come all the way down town if they desire to attend a meeting of either of the two Odd Fellows organization now flourishing here.

Mr. Turner Anderson has charge of getting up the new lodge and thinks there will be about fifty members for the body. The officers for same have about been decided upon, but their designation will have to be made official at the installation exercises Wednesday evening. Immediately after being put into existence, the lodge will get its paraphernalia and other equipment necessary. It is not yet known what hall in the South Side they will choose to meet in.

MAYOR SOLD FRANCHISE

THE GRANT RENEWS THE OLD ONE OF OWEN BROTHERS.

It Becomes Effective When the Council and Aldermen This Week Confirm Sale of the Mayor.

Yesterday morning Mayor Yeiser sold at public auction the franchise for operation of a steam ferryboat between this city and Brookport and the Owen Landings opposite, on the Illinois side of the Ohio river. There were no bidders except Captain Owen who bought in the grant for \$25. The mayor will make a report of his sale to the council tomorrow evening, and the aldermen next Thursday night, for confirmation, which will be given as it was for especial benefit of the Messrs. Owen that the franchise was put up and sold, their old grant under which they have for years past been operating their ferryboat Bettie Owen, having expired.

The old grant of the ferryboat people expired last fall, and since then they have been operating without a franchise, because when there was drawn up the ordinance authorizing sale of the new one to renew their old rights, they refused to accept the franchise, according to ordinance provisions, which did not stipulate they could charge certain rates they wanted to, on different character of vehicles they carried from here to Brookport, and also to the Owen Landings opposite. All winter the Messrs. Owen and the city dickered, and finally reached an agreement as to the charges they would be permitted to make. The ordinance covering this was drawn up, and the franchise sold. It is for twenty years, and prohibits any other steam ferry from operating within one mile of the Owen ferry.

HELEN JASPER.

BY FRANK HURBURN O'HARA.

Marlowe was in to-day and really seemed quite enthused over his new fencing master. Marlowe thinks there never before was such a fencer as this new instructor, and Marlowe himself is no novice at the trick.

But I'll wager a penny Marlowe's new fellow couldn't hold a candle to a certain young chap I happened to know back some seven or eight years ago.

It was down in the tropics when I was in the service. I was clerk to old Henry Jasper—Henry Chauncey Jasper—perhaps you've heard of him. If you have not, I may as well tell you he had something like a half million and was down in the tropics just to please his only daughter, Helen—and a dream she was, too, just about twenty and not a month more.

Old Jasper's one hobby, besides Helen, was fencing, and I can tell you he took a pile of pride in his skill at the foil.

Well, one day there strode into the consulate a tall, handsome fellow with the biggest, dreamiest brown eyes I ever saw on a man. His cheeks shone red through the olive of his complexion and I marked him down, right then and there, as a heart smasher, and proud of the profession, too.

While I was sizing him up he was asking in his low, musical tones:

"May I speak with the American consul, Mr. Henry Chauncey Jasper, I believe?"

I led him to Jasper. Later I learned that he had come with a letter of introduction, being the nephew of an acquaintance and sometime friend of the consul. I wasn't much surprised when Jasper told me the fellow was a European prince, Henri Delavour by name.

As time went along Prince Henri came often and often to the consulate, and mostly spent his time with Helen. If he were a heart smasher, as I had inferred, you couldn't have told it from Helen's attitude (I confess I watched the case with interest), although her feelings might have been anything from respect to contempt to deep love.

The father all this time was becoming something of an admirer of the prince.

One day the prince came into the consul's rooms looking pretty much "down in the face." The expression in his eyes couldn't help but make one feel sorry for him. What seemed mighty strange was that he carried a sword in his hand. He went to Jasper, speaking quickly and to the point.

"Mr. Jasper," he said, "I have come to you upon rather an embarrassing errand. I gambled a bit heavily last night, and the consequence is I haven't enough money to take me home. To tell the truth, Mr. Jasper, I have no money at all left. I can cable, of course, but I don't want to, sir. I have remained here longer than I should... and..." Here the prince paused.

"Well, sir, to come directly to the point—can you lend me enough? I'll return it as soon as I reach home. You know my uncle well enough to believe me, and this sword is sufficient security, I guess, for these jewels in the hilt are worth a fortune, they say."

Henri lay the sword upon the desk before them and waited for the consul to speak. If old Jasper was pleased with the fellow's frankness he was enraptured with the sword. Probably this led him to make the offer he did.

"The sword is an excellent one—a marvel!" he exclaimed. "I'll tell you what I'll do—of course you fence, prince?"

Henri nodded, smiling.

"Well, sir, suppose we fence to decide the question. If you can beat me at fencing, prince, you shall have anything you ask. If not, then you forfeit the sword. In either case, though, let me assure you that I'll advance the loan, and gladly. Is it a go?"

Still smiling the prince again nodded. Jasper took down his sword and the two removed their coats and collars and rolled up their sleeves.

For a long time they thrust and parried, neither gaining an advantage. Jasper must have seen that he had met his match, and the prince surely must have realized that a victory over his antagonist might be gained only by the most subtle trickery.

And that, indeed, was what won the day. It was a trick learned in Italy that enabled Henri to snap the consul's blade, and then he stood, his point just touching the breast of his laughing victim.

"What a swordsman!" gasped Jasper, shaking Henri's hand. "And now, your price, prince?"

"My price," said the prince, very slowly, "is the hand of your fair daughter."

Old Jasper started in amazement. Then he laughed outright, his admiration for the prince's cleverness overcoming all else.

"She's yours," he cried, again, taking the young man's hand. "Yours, prince!"

But Helen Jasper never became Princess Delavour. For the clever European heart smasher had forgotten that perhaps the lady herself might have a voice in the question.

She who might have been the princess is just now remonstrating against my absorption in this "letter," for such she believes it to be—while little Henri is claiming attention by very vociferous means.—Cleveland Leader.

Dangerous Ground.

Daughter—We have been to see this great nave in the new cathedral.

Mamma—Hush! Don't mention names, my dear; I know the man to whom you refer.—Town Topics.

Quite a Difference.

"I love my love in the morning," sang the young man, ardently.

"Huh!" exclaimed her younger brother, "you hain't never seen her in the morning yet."—Puck.

Game Today.

The Paducah team and the Washingtons of St. Louis will cross bats this afternoon at Wallace park. An interesting game is expected and it will give Paducahans a chance to size up Captain Lloyd's 1906 aggregation.

9 to 4 in Paducah's Favor.

The practice game yesterday afternoon between the home team and the Washingtons of St. Louis, resulted in the defeat of the visitors by the score of 9 to 4. The game was full of interest and there was plenty of opportunities for the fielders as both pitchers were hit quite freely. The cold snap prevented a large crowd from attending but the game today will be well patronized.

Hart Will Train at French Lick. Marvin Hart, who has been matched to box George Gardner in New

Wouldn't Take It.

President Barney Dreyfuss, of the Pirates, was offered a wage of \$5,000 to \$4,000 in Hot Springs, Ark., that the New York Giants would beat Pittsburgh for the championship, but he would not take it.

New York, April 14.—The American league baseball season will be formally today opened at League park, where the New Yorks will take the field against the Boston Americans. Philadelphia will open in Washington. It will be the first big game of the season in this city, and as the probabilities are for clear and warmer weather a monster crowd will turn out.

DON GILBERTO Has Scored Another Mark!

Alongside his pure celebrated Willow Spring Whisky he has added the long needed and unobtainable pure Apple Brandy made from sweet mellow apples and distilled at a still in the beautiful mountains of Tennessee, where the willows grow tall and green and the beautiful crystal water runs from the grove of Willow Spring, direct to the still of Messrs Hennessee & Co., McMinnville, Tenn., distillers.

Remember this apple brandy is the first that has ever reached Paducah direct from the still to be retailed by the drink. Remember that the rectified and compounded apple brandy is more poisonous than the vilest whisky that is compounded and rectified. Pure apple brandy is higher in price than the average run of pure whiskies and is scarcer than whisky. Remember apple brandy would be recommended by all physician for certain ailments of the human body if they were sure they could get the pure brandy also; there would be more of it drank if it were not for the rectified compounded stuff they have to drink.

Remember that the name of my Brandy is DON GILBERTO'S "THREE STAR" Apple Brandy. My brandy is bottled and sealed under my personal supervision and none genuine unless my name in big red letters on the inside of the label next to the bottle which reads Don Gilberto's pure apple brandy 1 year old 100 proof. The bottle will contain 32 oz of the pure Three Stars apple brandy.

Bear in mind that this package will be subject at any time and anywhere that the U. S. Revenue officials see fit to inspect it, (He has a right to do so.)

Provided the seal has not been tampered with. Also I tender the officers of the pure food law the same privilege as I do U. S. revenue officer, as I am personally responsible for its purity, strength and quantity. To be had only at "The White Deer" which is a symbol of strength, purity and innocence. 116 S. Regular Price \$8.50 per pair. To introduce We Will Sell You a Sample Pair for Only \$4.80 (CASH WITH ORDER \$4.80)

NO MORE TROUBLE FROM PUNCTURES. Result of 15 years experience in tire making. No danger from THORNS, CACTUS, PINS, NAILS, TACKS or GLASS. Serious punctures, like intentional knife cuts, can be vulcanized like any other tire.

Two Hundred Thousand pairs now in actual use. Over Seventy-five Thousand pairs sold last year.

DESCRIPTION: Made in all sizes. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting quality being given by several layers of this specially prepared fabric on the tread. That "Holding Back" sensation commonly felt when riding on asphalt or soft roads is overcome by the patent "Basket Weave" tread which prevents all air from being squeezed out between the tire and the road thus overcoming all suction. The regular price of these tires is \$6.50 per pair, but for advertising purposes we are making a special factory price to the rider of only \$4.80 per pair. All orders shipped same day letter is received. We ship C.O.D. on approval. You do not pay a cent until you have examined and found them strictly as represented. We will allow a cash discount of 5 per cent (thereby making the price \$4.56 per pair) if you send FULL CASH WITH ORDER and enclose this advertisement. We will also send one nickel plated brass hand pump and two Sampson metal puncture closers on full paid orders (these metal puncture closers to be used in case of intentional knife cuts or heavy gashes). Tires to be returned at OUR expense if for any reason they are not satisfactory on examination.

We are perfectly reliable and money sent to us is as safe as in a bank. Ask your Postmaster, Banker, Express or Freight Agent or the Editor of this paper about us. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or seen at any price. We know that you will be so well pleased that when you want a bicycle you will give us your order. We want you to send us a small trial order at once, hence this remarkable fire offer.

COASTER-BRAKES: built-up wheels, saddles, pedals, parts and repairs, and prices charged by dealers and repair men. Write for our big BUNDY catalogue.

DO NOT WAIT until you are in a hurry to buy a bicycle or a pair of tires from anyone until you know the new and wonderful offers we are making. It only costs a postal to learn everything. Write it NOW.

EMPLOY COW CATCHER

MAYOR YEISER BRINGS MAT-
TER UP TOMORROW
EVENING.

The Appellate Court Mandate Will
Shortly Arrive, Stipulating the
Bill Is Enforceable.

Mayor Yeiser yesterday said that at tomorrow night's meeting of the council he would bring up the proposition to employ a mounted special officer, whose sole duties shall be to arrest stray cows picked up on the public highways. He will urge that a man be decided upon right away because before the next gathering of the municipal boards, there will have become effective, the Town Cow ordinance, according to the mandate of the court of appeals which decided several weeks ago that the measure was constitutional, and enforceable. The mayor has to await the appellate bench's mandate before he can declare the ordinance binding, as this document is the official notification to him of the higher bench's affirmation of the bill.

When the mandate comes, it means that thereafter every cow will be taken up, if caught out upon the streets, as the measure prohibits them from rambling at large on public thoroughfares. The bill stipulates that the cow owner shall be fined on his animal being taken up.

Everybody is anxiously waiting arrival of the higher tribunal's mandate as forever afterward there will be settled the cow question that has been such a provoking issue for years.

Yesterday in the circuit court there was filed a suit by The Burnett Knitting company against George C. Wallace and Robert B. Phillips for \$412.42 claimed due as a balance upon account made by plaintiff's furnishing defendants with goods for the Alden Knitting mill.

Monday Night "The Night Owls." (Men Only.)
Wednesday Night "The Doyle West Comedy Company."
Saturday Matinee and Night Miss Kate Watson and Gus Cohan in "The Hoosier Girl."

There have been pronounced improvements this season in the personnel of the New York Symphony Orchestra—always an admirable organization—which is to play in Paducah on May 5th. Mr. Walter Damrosch, the distinguished leader, believes that never before has his orchestra been brought to the high standard of discipline and training now in evidence, and he is justly proud of the praise which this season's appearances have received. "It is easy to believe," said the New York Tribune, after the first metropolitan appearance, "that the Symphony Orchestra has entered upon a new phase of life. Yesterday it presented itself a well-knit, homogenous body, its factors excellent in texture and effectively supplemental."

"The Hoosier Girl."
The Terre Haute Express has this to say: "The Hoosier Girl" entertained a big audience at the Grand last night. The play is one with a rural atmosphere which allows opportunity for rustic fun. Roxana, the Hoosier girl as presented by Miss Kate Watson, is a jolly, lively part

which is deservedly popular. She has a very pleasant natural and easy style of her own and was easily the most interesting person on the stage.

Mr. Gus Cohan as Heinrich Votzel, the German farmer boy, was very conspicuous. He is a clever comedian and his work last night has had no equal on the local stage. The company is far above the average and the story is a simple romance along familiar lines. The musical numbers, songs, and dances, united in making one of the most enjoyable performances of the season. At The Kentucky Saturday matinee and night.

The Night Owls.
It is said that the show going public tire of the everyday theatrical productions and bearing in mind this fact, there will be an attraction at The Kentucky on Monday night by far, different from the usual run of amusements—The Night Owls with thirty people including a beauty chorus of 20 well formed young ladies, who sing and dance well, wear costumes that are new and handsome, scenic and electrical effects and a vaudeville program of 7 acts.

Uncle Joe Cannon not in Race.
Washington, April 14.—Everybody likes "Joe" Cannon. That is one reason why the bluff and hearty old man from Illinois is being encouraged to listen to the buzzing of the presidential bee. The "kingmakers" of his party do not believe that his candidacy can be taken seriously, and that is another reason why the speaker of the house is gently jollied about the aspirations he is known to cherish. It is said that the president looks kindly upon Mr. Cannon's ambitions because "Uncle Joe" is a man of the people, but the harmlessness of Mr. Cannon's candidacy perhaps accounts for the president's feelings in the matter.

MAY PROVE INJURIOUS

TELEGRAM OF SYMPATHY OF MAXIM GORKY TO WESTERN MINERS OFFICERS.

Men Under Indictment for Murder of Governor of Idaho—The Russian Made Bad Mistake.

New York, April 14.—The Tribune today says: Maxim Gorky's forthright in America was signaled by the sending of a telegram of sympathy to W. D. Haywood and Chas. Moyer of the Western Federation of Miners, in jail at Caldwell, Idaho, on the charge of conspiracy to murder of ex-Gov. Steunenburg. Gorky's action, it is feared by some of his friends, blights the prospects of his work here at the outset. The telegram was as follows: "W. H. Haywood and Chas. Moyer County Jail, Caldwell, Idaho—Greetings to you, my brother socialists. Courage. The day of justice and deliverance for the oppressed of all the world is at hand. Ever fraternally yours, "Signed MAXIM GORKY."

VESUVIUS QUIET. DANGER HAS PASSED.

Volcano Ceases to Give Any Sign of Spouting Anything but Smoke—Black Pall Over Wide Belt of Territory.

Naples, April 18.—The period of danger has passed and only desolation and slowly declining suffering remain. Mount Vesuvius has ceased to give any sign of life. The volcano seems to have spent itself in one enormous convulsion. Director Matteucci, who heroically holds his post in the observatory, believes that the eruption has ended, and every outward indication confirms this view.

No more rumbling come from the bowels of the earth, giving terrifying warning to the inhabitants. The volcano is hidden behind a thick curtain of smoke, which rises from the crater and then spreads and falls, enveloping a vast circle in semidarkness. Naples is just beyond this circle, and today the city was bathed in sunshine, while the ugly, black pall hung to the westward over a belt midway between Rome and Naples.

Belies Popular Pictures. Vesuvius today belies all popular pictures, which represent the mountain clearly outlined against the sky vomiting smoke and ashes by day and fire by night. Tonight not the slightest outline is visible of the crater, crest or foothills, all being swallowed up in a dense mass of smoke.
